

Aurion Capital Continues to Grow

We are pleased to announce exciting developments at Aurion Capital. We have added two people to our **Business Development** team. These changes strengthen the firm as we bring new and innovative products to the institutional and high-net-worth markets.

We have recently added **Gregory Plant** and **Christopher Wright**. **Gregory** joined us as Director, Client Service and Marketing, and **Chris** will be joining as Vice President, Business Development.

Gregory, who has an MBA from York University and is a CFA charterholder, has over 10 years' experience in the investment industry. After an initial period at the Law Society of Upper Canada, he worked in marketing for a major investment distribution firm and a private capital company. He then worked on assignment for a leading North-American wealth management firm assisting in branding, marketing and product positioning. At **Aurion**, Gregory leads our client service and marketing efforts.

Christopher, who has an HBA from the Richard Ivey School of Business, will join us on May 19 to lead our sales initiatives. Chris has 25 years' experience in the investment industry, with over 18 years at one of Canada's leading institutional fund managers followed by a leadership role at a major, privately-held multi-national firm with a major presence in Canada. At **Aurion**, Chris will have overall responsibility for institutional and high-net-worth sales for our diverse range of investment products.

Aurion Capital Management Inc. is an investment counselling firm specializing in institutional Canadian Equity, Real Estate, Fixed Income (Core and Corporate portfolios), Real Return Bonds, International Index-plus and Global Macro products with a total AUM of \$3.9 billion.
